

WE ARE LOOKING

FOR REINFORCEMENT!

Business and Technical Consultant

Do you want to work for a leading international company with room for your own input and where a good working atmosphere comes first? Then we at Concept Data Systems (CDS) have the job for you!

With our ERP system PAT, CDS is a leader in supporting business processes within the horticulture sector. With our headquarter in Graz, Austria as well as representations in Germany and The Netherlands, CDS operates internationally.

Consultancy and implementation play a crucial role in realizing our growth ambitions. In the Netherlands, we are therefore looking for a new colleague who will use his/her knowledge in a fast-paced, dynamic environment. Are you the customer-oriented and flexible person we are looking for? Then we have a match! We are looking for an enthusiastic (fulltime):

What are you going to do?

You will be working in a team mainly focusing on the implementation of our ERP software, PAT. Thereby you will advise our customers on how to optimize their business processes and production automation. You will work partly from home and on site at customers, both locally and internationally.

Your tasks as a business and technical consultant:

- Be the first point of contact for customers in case of issues regarding business processes and production automation
- Analyse, optimise and transfer business processes
- Project management with responsibility for time, budget and quality
- Implement our ERP system and the related processes and work instructions
- Prepare and conduct training sessions
- Support sales, for instance with demos and creating blueprints
- Actively participate in optimizing internal business processes and strategy

Job requirements:

- | | |
|---|---|
| - Education on a bachelor level | - Experience with ERP Systems (SAP, MS Dynamics, ...) |
| - At least 3 years experience in a similar role | - Fluent speaking and writing skills in Dutch and English |
| - Good analytical and communicative skills | - Additional languages are a plus |
| - Independent | - Experience with business processes in horticulture |
| - Customer-oriented and service-oriented attitude | - Experience with PAT is a plus |
| - MS Office experience | - Experience with production automation |
| - Structured and systematic worker | - Knowledge of SQL is a plus |
| - Willingness to travel abroad | |

What do we offer you?

We offer you a challenging, independent, and responsible position within a dynamic, international organization with flat hierarchy and short decision paths and a pleasant, no-nonsense atmosphere. Our organization offers a good package of primary and secondary working conditions, including laptop, mobile phone and a salary that is in line with your position and experience. CDS offers its employees plenty of room for personal growth and development. Furthermore, CDS employs enthusiastic and motivated colleagues!

Are you the customer and service-oriented professional, who will make the difference? And would you like to be part of our motivated and dynamic team? Please send your application to lwbaris@conceptds.com. We would like to get in touch with you! For additional information please contact Leen-Willem Baris, phone 06-15153313 or Dennis Remmers, phone 06-22469964. Or check out our website www.conceptds.com.
